WOOD FROM ALL AROUND THE WORLD MADE IN AUSTRIA.

We have developed a process to reproduce the most beautiful woods on earth while conserving resources. SUN WOOD is the ultimate alternative to reclaimed and precious wood and offers endless advantages.

WE ARE SUN WOOD

„The vision of a daring idea fuels my belief of the feasible“

Arno Stainer,
founder and CEO of SUN WOOD

1. We collect the most beautiful woods from all around the world ...

2. Digitize their wooden surfaces using our in-house 3D scanner ...

3. And reproduce their look and feel on local wood.

WOOD FROM ALL AROUND THE WORLD

Gigantic sequoias from the US, painted wooden boats from Asia or wooden beams steeped in history from the Alps: SUN WOOD CEO Arno Stainer has always had a passion for special types of woods. His passion turned into a vision: with SUN WOOD, his objective is to take all the unique woods he's discovered on his worldly travels far and wide and make them accessible for creative interior solutions.

Today, we offer hundreds of different types of reclaimed and precious woods from all around of the world that we reproduce in any number of product variants while protecting natural resources.

MADE IN AUSTRIA

All of our products are produced and handcrafted on site in our company in Austria. Using a 3D large format scanner, we digitize original woods from all around the world up to a size of 6 x 1.5 meters. This leaves us with high-resolution wood decor data that we use to refine various substrates.

As the foundation for our SUN WOOD products, we use wood from local forestry with the unique look and feel of original reclaimed or precious wood thanks to our special surface technology: our substrate surfaces are chopped and/or brushed by hand and innovative printing technology is applied directly to the wood for the desired decor.

OUR BENEFITS SPEAK FOR THEMSELVES

LOCAL WOOD FROM SUSTAINABLE FORESTRY

To us, protecting precious woods and using wood consciously is second nature. That's why we only use wood from our surrounding area as the foundation for our products to show support for ecological, economic and socially sustainable forestry with the PEFC certificate.

PEST- AND POLLUTANT-FREE

Unlike their originals, SUN WOOD products are pesticide-, wood worm- and pollutant-free.

HANDCRAFTED

Manual labor goes into each and every one of our products so they're truly one of a kind! Before we apply the desired SUN WOOD decor, the surface is chopped and/or brushed by hand.

LARGE FORMATS—PERMANENT AVAILABILITY

We refine substrates of all types and formats with our innovative printing and surface technology. This includes wood panels and tabletops plus a myriad of boards, veneers, beams or even doors. Wooden beams up to 15 m in dimension, 6 x 2 m panels or individual special formats aren't a problem for us! Plus our decors are sure to be around for a long time. Simply incredible, right?

Detailed charred wood surfaces

BURNT WOOD

that has never been in contact with fire?

SUN WOOD Burnt Wood makes it possible! Based on the surface of the ancient Japanese technique „Shou Sugi Ban,“ we turn traditional wood substrates made of local spruce wood into burnt wood. Using the unique SUN WOOD surface treatment, the carbonized look and feel is reproduced in every detail, but without ever coming into contact with fire!

Disadvantages such as staining from the outermost soot layer, annoying soot particles, or an unpleasant burnt smell can thus be ruled out and the wood easily be used for interior design projects.

Formats on 3-layer panels:

2990 x 1000 x 19 mm

1490 x 1000 x 19 mm

1200 x 666 x 19 mm

Original, three-dimensional look of Split Wood

ORIGINAL LOOK OF SPLIT WOOD

in exclusive decors

Our brand new split wood designs convey naturalness you can feel and turn into an eye-catcher in every room concept thanks to their special, three-dimensional surface. The base of the design is a three-layer panel to which we add an authentic split wood surface in several steps: The wood is brushed to emphasize its grain and create a noticeably natural feel.

A typical, three-dimensional split wood surface is created by means of CNC milling and then refined with exquisite wood decors using SUN WOOD printing technology.

Formats on 3-layer panels:

2350 x 1200 x 19 mm dovetailed
1200 x 660 x 19 mm dovetailed

2980 x 1980 x 19 mm

Can be laid endlessly due to finger-jointing:

SUN WOOD PREMIUM

SUN WOOD PREMIUM

Reclaimed wood Design with a three-dimensional board look

SUN WOOD Premium combines the unique look and feel of reclaimed wood with a three-dimensional surface on large panels.

Using innovative and elaborate printing and surface technology, we give 3-layer panels out of local spruce wood the typical look of wood boards: The surface is chopped and brushed in loving handcraft to reproduce the original feel of reclaimed wood in a faithful and precise manner. In addition, a typical, three-dimensional board surface is created and then refined with exquisite wood decors using the innovative SUN WOOD printing technology. The result: an original board look in unique and rustic designs.

Available panel size: 2490 x 1240 mm | 2980 x 2040 mm

Other formats on demand.

Thickness: 16, 19, 27, 32, 40, 60 mm

Industrial look for versatile projects

SUN WOOD CONCRETE DECORS

Flexible integration into modern room concepts

We combine the material properties of wood with the design of concrete, making the trendy surface accessible for versatile projects. Four new decors join our collection and open up additional possibilities for puristic room concepts with a modern character.

Depending on the concrete decor, the surface is rough with embossed holes or smooth and is deceptively similar to real concrete! At the same time SUN WOOD concrete convinces with a multitude of advantages such as a considerable reduction in weight.

Formats on:

Chipboards: 2080 x 2070 x 19 mm

3-layer panel: 2500 x 1250 | 2990 x 2050 | 5000 x 2000 mm

Surface available without embossing or smooth.

Also available on plywood, HDF-panels, MDF-panels and boards.

Think, plan and build limitless

3-layer panels

made of spruce wood in unique designs

3-layer panels are also available as:

- Sauna panel
- Fire protection panel
- Shipbuilding panel
- Compact-solution (for low transport costs)
- Temporary floor panels, brushed

| Surface: | smooth |
| Thickness: | 19 mm |

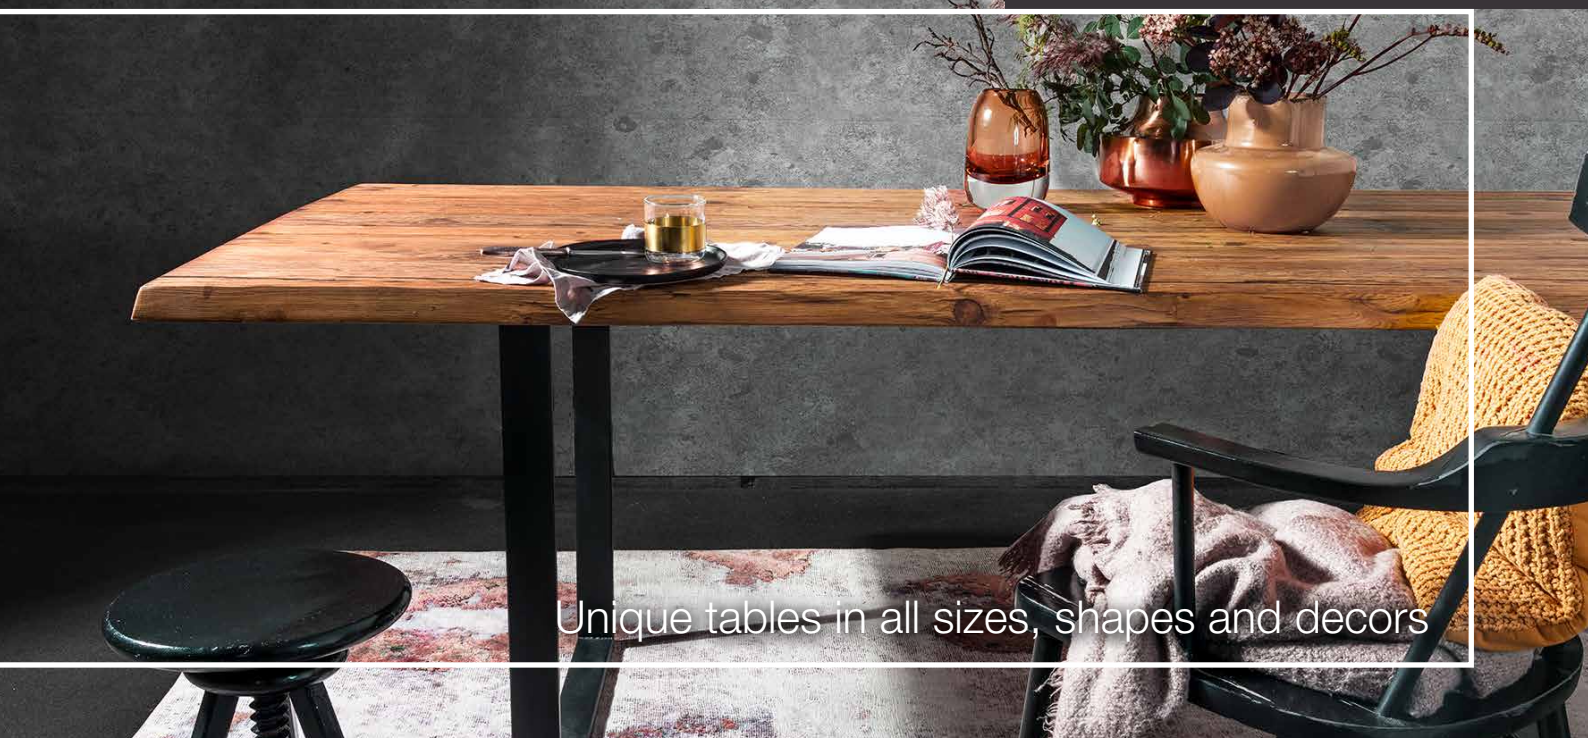

Veneer edges

available in all SUN WOOD decors

Sheet veneer:
2500 x 1240 mm approx. 0.6 mm
3000 x 280 mm approx. 0.9 mm

Veneer edges/rm: 24 x 1 mm
ABS Veneer/rm: 23 x 1 mm

Unique tables in all sizes, shapes and decors

ONE TABLE - COUNTLESS POSSIBILITIES

Tables in sustainable reclaimed wood or precious wood design

With SUN WOOD tables, you'll bring an element of nature into your home while simultaneously protecting our valuable natural resources and preserving rare woods. No rainforest or an old barn has to make room for our tables. Instead, we reproduce the reclaimed or precious wood on local wood in the most authentic way possible. We use PEFC certified wood from sustainable forestry as the foundation. Then we refine it with our special printing and surface treatment. Every SUN WOOD table is one of a kind!

Find all tables in our onlineshop at www.stainer-online.de

Besides tables, we also manufacture doors and parquet floors in the unique SUN WOOD design

HIGHLIGHT DECORS

Decor // TYROL 02

The SUN WOOD decor // TYROL 02 are typical reclaimed wood boards from the Austrian Alps. The sunburned spruce boards used in the decor convey a special ambience and the cozy nature of a quaint Alpine chalet.

New Also available as SUN WOOD Premium product!
SUN WOOD Premium combines the unique look and feel of rustic reclaimed wood with a three-dimensional look on large panels.

HIGHLIGHT DECORS

Decor

// SHED PLANKS 03

The SUN WOOD decor // SHED PLANKS 03 comes from the Salzburg region. It was exposed to the sun and elements for years as the wall of an old barn. After being demolished, it found a new home in the SUN WOOD world of wood design. There are spruce boards in various shades of grey for a rustic, modern style.

HIGHLIGHT DECORS

Decor // HAVANA 07

The SUN WOOD decor // HAVANA 07 exudes Latin American charm in a lively and spirited way. The wide oak boards with a captivating dark brown grain are sourced from an old Cuban cigar factory while their caramel-colored accents are sure to please the eye.

HIGHLIGHT DECORS

Decor // AMBER 08

The SUN WOOD decor // AMBER 08 decor boasts a beautiful grain. They are oak boards whose light and friendly shade of brown is credited to years of sun exposure. Knotholes and design joints finish off the decor's surface.

New Also available as SUN WOOD Premium product! SUN WOOD Premium combines the unique look and feel of rustic reclaimed wood with a three-dimensional look on large panels.

HIGHLIGHT DECORS

Decor

// SAALACH 26

The SUN WOOD // SAALACH 26 decor originated in the Pinzgauer waters which is also the eponym for this unique decor. The boards were saved from Saalach flooding just a stone's throw from the SUN WOOD headquarters. The special surface with a driftwood appearance has modern, rustic essence.

HIGHLIGHT DECORS

Decor // WHITE PAINT 29

The SUN WOOD // WHITE PAINT 29 decor conveys a sense of vitality in its typical used look. In these white painted and weathered boards, the natural brown color peaks through between the brushstrokes.

HIGHLIGHT DECORS

Decor // BEECH STRIP 31

Childhood memories come rushing in with the SUN WOOD decor // BEECH STRIP 31: the decor boards are sourced from the floor of a Scottish gym. The typical floor markings act as colorful highlights in this one-of-a-kind decor.

HIGHLIGHT DECORS

Decor

// BRISTOL 53

The SUN WOOD // BRISTOL 53 decor comes from an old English country house. The desolate house was demolished by a nonprofit organization and SUN WOOD welcomed the boards into its collection with open arms. The narrow boards in bright red catch the eye. What's more, signs of wear and color gaps give it that certain something.

HIGHLIGHT DECORS

Decor // HOHE TAUERN 58

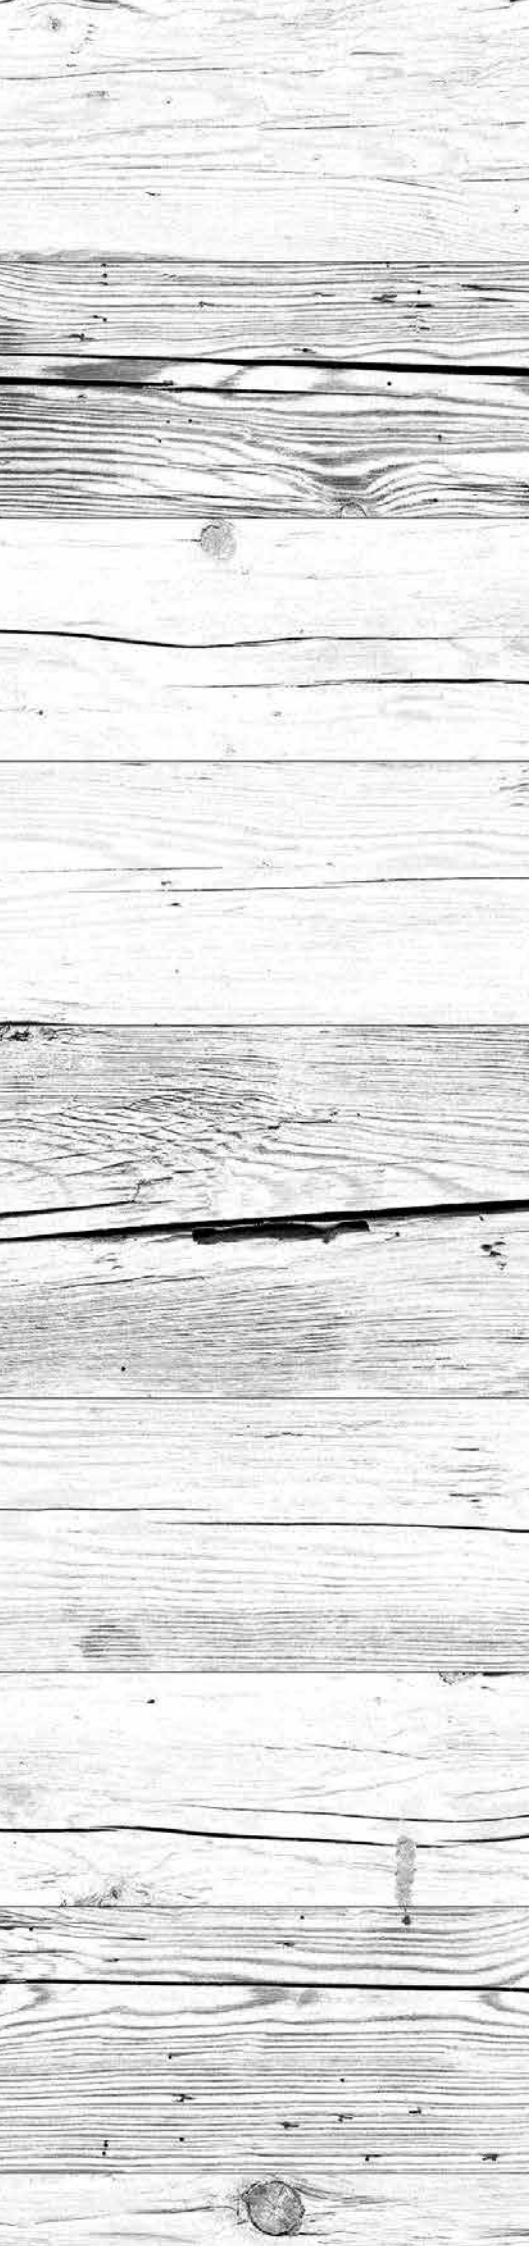

The brand-new decor // HOHE TAUERN 58 joins the SUN WOOD reclaimed wood collection. These typical, sunburnt spruce wood boards originate from the unique National Park region “Hohe Tauern” in the middle of the Austrian Alps. With their warm brown shades, they radiate a cosy rustic charm.

New Also available as SUN WOOD Premium product! SUN WOOD Premium combines the unique look and feel of rustic reclaimed wood with a three-dimensional look on large panels.

HIGHLIGHT DECORS

Decor // WHITE 600

The white design panels of the SUN WOOD // WHITE 600 decor have a precious aesthetic and work particularly well in modern and minimalist room concepts. The white board primer inspires with its special wood grain in a subtle gray.
